

# MUSEUM *Canvas* WATER RESISTANT MATTE 440 gsm

No Optical Brighteners

This traditional, museum quality, 100% archival cotton canvas has a natural white tone optimised for pigmented inks, and offers the highest product quality for the most discerning of reproductions. To ensure improved handling and permanence, this canvas has a water-resistant coating and has been developed without the use of any OBAs.

The premium coated matte-textured surface makes this canvas the optimal choice for a variety of giclée applications for artists who demand modern technical excellence in concert with the texture, feel and body that only an all-cotton canvas can deliver.
