Mac & windows

Product Information:

Dimension: 15.7" x 7.9" x 6.3"

Weight: 12.3 lb

UPC: 649899001554

Made in Taiwan

Pacific Image's PrimeFilm 120 Multi-Format CCD Film Scanner extends the high levels of quality and functionality of its consumer scanners into the professional realm, giving you the option of scanning 120/200mm and medium format films along with 35mm negative, positive, and slide films. The combination of an advanced 3-line CCD sensor, up to 3200dpi optical resolution, and extremely fast scanning speeds make for digitized images of superb quality. The inclusion of Magic Touch technology, to clean up dust and scratches, along with Cyberview X and Adobe Photoshop Elements software, gives you an image editing toolkit that will help you buff and polish your photos so that they satisfy even the most exacting analog eye.

Product features and benefits

- Supports a wide variety of industry-standard film(negative and positive) sizes - including 35mm, 120/200mm, 6 x 4.5cm, 6 x 6cm, 6 x 7cm, 6 x 9cm – 6 x12cm
- Superior quality, 3-line CCD sensor
- 48-bit, 3200dpi optical resolution
- Industry-leading scanning speeds
- Automatic dust & scratch removal

Magic Touch, the proprietary technology developed by Pacific Image Electronics. It's the built-in hardware solution without software touch-up and automatically remove dust & scratches from damaged film and slides.
