

# Pacific Image Prime Film 7250u

## 35mm Slide & Film Scanner

- The next best thing to the commercial digital solution -

Works with both  
**Mac & windows**

### Product Information:

Dimension: 16" X 6" X 11"

Weight: 4.7 lb

UPC: 649899001363

Made in Taiwan

The PrimeFilm 7250u scanner from Pacific Image provides scanning of 35mm negative film strips and transparencies at 7200 x 3600dpi resolution. The higher resolution allows for enlargements up to 18 x 12" at 300dpi. The 7250u has USB 1.1 and 2.0 ports for fast data transfer and convenient computer connections.

Scan speeds for slides range from 25 seconds at 1800dpi to 85 seconds at 3600 dpi and negatives from 30 seconds at 1800dpi to 90 seconds at 3600dpi. It works with both Windows and Mac computers and comes with a scanning software bundle to edit and restore images..
